**Note:** In addition to the above, all students must fulfil the international course/experience requirement. A grade point average of C (2.00) is required in the major, with no course grade below a C- (1.70) in courses counting towards the major. Also, note that many 200-level and 300-level Economics courses require a C- or better grade in the prerequisite courses. ECON 270, ECON 271, and ECON 272 do not count as 200-level electives. In some cases students may take equivalent courses to fulfil the course requirements above (e.g. ECON 233 in place of BUAD 394). For more details about equivalent courses talk to your advisor.

Additionally, students must have a GPA of above 2.7, must have passed the excel competency exam, completed 12 units of coursework, and completed ECON 101, ACCT 201, and MATH 211 to be admitted into the Robins School of Business. Further, upon completing ECON 101, ACCT 201, MATH 211 students may declare intent to major in the business school to get a pre-business designation for registration purposes.

Students interested in economics graduate school, in addition to the departmental honors sequence, are also strongly recommended to take MATH 212, MATH 235, MATH 245, MATH 300, MATH 312, MATH 320, MATH 329, and the ECON 300 and ECON 370 electives.
