Note: In addition to the above, all students must fulfil the international course/experience requirement and take 17 units outside the Robins School of Business (included in these 17 units are ECON 101, ECON 102, and BUAD 202/ECON 170). A grade point average of C (2.00) is required in the major. Also, note that many 200-level and 300-level Economics courses require a C- or better grade in the prerequisite courses. ECON 270, ECON 271, and ECON 272 do not count as 200-level electives, with one exception: if a student takes both ECON 270 and ECON 272, one of these two may count as a 200-level elective. In some cases students may take equivalent courses to fulfil the course requirements above (e.g. ECON 233 in place of BUAD 394). For more details about equivalent courses talk to your advisor.

Additionally, students must have a GPA of above 2.7, must have passed the excel competency exam, completed 12 units of coursework, and completed ECON 101, ACCT 201, and MATH 211 to be admitted into the Robins School of Business. Further, upon completing ECON 101, ACCT 201, MATH 211 students may declare intent to major in the business school to get a pre-business designation for registration purposes.
